

Truvelo CMS .338 Lapua

The CMS .338 Lapua is designed as a sniper rifle for long range anti-personnel targeting. Together with the Truvelo proven barrel and action design, the combination of calibre and the ammunition used results in accurate shooting up to 1800m. Design features include a foldable stock, fully adjustable recoil assembly, adjustable grip, stanag picatinni rails and removable bipod. In addition to this, various fore-end lengths are available.
